

Australian Parliament Diagram

Years 5–6 | Ages 8–13 with support | 20 minutes

Label the building and city. Read who each chamber represents.

Building: _____ **City:** _____

Word bank: Parliament House · Canberra

House of Representatives

One elected member for each electorate.

Senate

Elected senators for states and territories.

Two houses share the work of federal law-making.

Constitutionally, Parliament also includes the King, represented by the Governor-General. This is a relationship diagram, not a floor plan.

Underline the house that represents electorates. Circle the other house.

In which city does Federal Parliament meet?
